BASE BALL COMMENT.

It is reported that Manager Lamores, of the New Castle club, will retire from the diamond at the close of the season, on the ground that he has not been given the proper support at home. It is probable that the franchise will be transferred where the patronage will be more senerous.

President S. L. Nelson, of the Spring-field base ball club company, states that the club is badly in the hole, and that he and Mayor Good had to give their personal notes for \$300 to make up the shortage. The team will play the sca-son out, and then the franchise will be sold! Manager Whistler has signed Do-lan, a Newport, Ky. pitcher, late of the Providence team. He has joined the Governors at Pt. Wayne.

DROWNED IN THE LAKE,

A Colored Youth Finds a Watery Grave

at Epworth Park. Isanc Gray, a youth about 17 years of age, who made his home with Mr. T. T. Hanlon, of Barnesville, and who was at Epworth park with the family, was drowned in the lake there Tuesday night. After the services in the evening the boy, in company with another boy, went to the lake and cutting the rope that is used by the swimmers to swing themselves into the lake, took hold of the end of it and swung himself out. He must have lost his hold, for the rope came back without the boy. The other came back without the boy. The other boy, who was on the shore, says that he saw him drop and heard his cry for help. Then he got a boat and went to the rescue, but, as it was dark, he could not see Gray in time to save him. In a few minutes the lake shore was thronged with people, and several beats filled with men were looking for the body. It was not recovered for about an hour and was found near the shore. In the absence of the coroner, Justice Thompson, of Bethesda, was summoned and held an inquest. From the evidence taken it was pronounced a case of accidental drowning, and no blame was attached to any one else.

FRED SANKEY IN TOWN. The Pennsylvania Lines' Man and 'His G. A. R. Exentsion.

Popular Fred Sankey, the Pennsylvania lines' traveling passenger agent, was in the city last night, shaking hands with his many Wheeling friends incidentally, while putting in some hard licks for the G. A. R. excursion that goes to Buffalo for the national encampment next Monday. Mr. Sankey says the prospects are excellent for a large crowd from this community on the Pennsylvania. His excursionists will leave Hellaire at 6:45 a. m., city time, and will arrive at Buffalo at 5:40 p. m. This is a quick trip, but a novel feature is that it is made on regular trains by quick connection with the Lake Shore at Cleveland. By this regular train service there is no chance of being laid out at some out-of-the-way place en route, the fate of so many special trains. Stops will be made at Bridgeport, for the Wheeling crowd, and Martin's Ferry. Tickets will be on sale August 21 to 23, at \$5.00 for the round trip from Belaire and \$5.50 from Bridgeport. By depositing tickets with the joint ticket agent at Buffalo, the return limit can be extended to September 20.

The Coming Rice.
PITTSBURGH, Aug. 18.—The Ohio river is rising and at noon Capt. Martin was considering the advisability of lowering the wickets at the Davis Island dam. The heavy rain at Oil City Monday night and Tuesday caused a heavier rise than was expected yesterday. The officials at the dam have arranged to receive special telegrams from various points up the Allegheny, from which region the rise is coming. Capt. Martin does not desire to lower, the dam to-morrow, as the river generally, fails very rapidly at this season of the year, and unless additional rains fall to-morrow the dam could not remain down more than forty-eight hours. The rise was of sufficient volume to enable the Sam Brown to come to Pittsburgh with at ow of empties. The Chas, Clarke, with the Brown's crew, left for East Litverpool during the morning flying light, to assist the latter boat up the river. lowering the wickets at the Davis Isl-

was in its infancy half a century ago. To-day it doth "bestride the narrow world like a colossus." What is the secret of its power? Its cures! The number of them! The wonder of them! Imitators have followed it from the beginning of its success. They are still behind it. Wearing the only medal granted to sarsaparilla in the World's Fair of 1893, it points proudly to its record. Others imitate the remedy; they can't imitate the record:

Yesterday E. E. Moore, Ed. Woods, Ollie McAninch and Clarence Woods went to Meadville, Pa., over the Wheeling & Lake Erie railroad, as the advance guard of the Buckeye Hose Racing Company, which will take part in the two hose races and the hook and ladder race to-morrow, for which \$250 in prizes are offered. The cart and hose were taken along and the different members of the company expect to be on the ground in time for the races. The Meadville people are greatly pleased because the Martin's Ferry company will take part and are advertising this fact extensively, knowing that it will be a big drawing card. While the Martin's Ferry company is not in first class shape they are the favorties at Meadville and the people up there will expect much of them. Among the teams which will take part in the races will be the First Ward Hose and Rescue Hook and Ladder, of Butler, Pa., Struthers Hose and Citizens' Hook and Ladder, of Warren, Pa., Central Hose, of Bradford and several others. The Meadville fire Inddies have raised \$3,000 for the tournament. An ox roast is among the attractions. Ten of the Buckeyes and a number of their friends will leave for Meadville on the \$2:0 train on the Wheeling & Lake Erie railroad this morning. The rate on this road is only \$4.60 for the round trip. Ollie McAninch and Clarence Woods
